

CCSA 2014 High Point Scoring System

CHIPS High Point Scoring Table

Directions:

- Find the top column number for the number of boats in your race.
(include DNFs)
- Find the left row number for your finishing position.
(based on time corrected by Portsmouth Number)
- Look up the number of points for that row and column.
- DNF is the number of points in Gray; think of it as placing one place after last.
- DNS, DNC, DSQ are worth 0 points

Total Score for the Year

Directions:

- Add up the points for your 20 best races; highest total for each fleet wins.

		Number of Boats in the Race																			
		1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
